

Kate: 40 and fabulous!

From the streets of Croydon to global fashion icon – Ms Moss has never not been hot

She's been a fashion icon for 25 years and, with the exception of Mr Topshop Philip Green (and even he gets told what to do by her), there's been no bigger influence on high-street fashion in the last two decades than our Kate. Don't believe us? Well, just take a look in your wardrobe. Those skinny jeans? Kate. Ballet pumps? Yep, those, too. Fur gilet, kimono, tea dress, vintage party frock? Yep, all those will be down to her. And with the reprisal of her Topshop collection later this year, we'll all be grabbing a bit of Mossy for a long time yet. Happy Birthday, Kate – thanks for all the inspiration.

Oh, to look this good at 40
